

Product Name :
Soil Cone Penetrometer

Product Code :
CHINAELABC2690052

Description :

Soil Cone Penetrometer

Technical Specification :

The moisture content at a given depth of penetration of the cone is taken as the liquid limit. Soil Cone Penetrometer of Soil is based on the relationship between moisture content and the penetration of the cone into the soil sample.

The Automatic Penetrometer (Digital Timer) complete with a stainless steel penetration test cone 35mm long with a smooth polished surface and an angle of 30° and a Penetration test cup 55mm DIA x 40mm deep. Facility exists for adjusting cone height in relation to the specimen.

Stainless steel penetration test cone 35mm long

Angle: 30°

The apparatus is suitable for operation on 220V, Single Phase, 50Hz, AC Supply

Penetration test cup: 55mm x 40mm
