**Product Name:** 

**CNC Plasma Cutting Machine** 

Product Code: CHINAELABC2540003

## **Description:**

**CNC Plasma Cutting Machine** 

#### **Technical Specification:**

### FEATURE:

High Stability- the advanced mechanism designs ensure the high performance of the dynamic response. Reduce the finishing work- as the cutting error is very small, so can reduce the work piece reworking. Automatic height tracking system- Automatic level control systems with fast response characteristics have guaranteed the quality under the condition of high-speed cutting.

Easy Installation and maintenance- Reasonable modular design is convenient for assembly and maintenance.

#### SPECIFICATION:

Automation Grade: Automatic

Machine Type: CNC Cutting Machine

Finishing: Powder Coated

Max Cutting Length: 0-500 mm, 500-1000 mm

Max Cutting Speed: 500-1000 mm/min

Max Cutting Thickness: 15 mm
Max Cutting Width: 500-1000 mm

Accuracy: ±0.02mm

Repeatability precision: ±0.02mm
