Product Name : Cut Model of Common Rail Turbo Diesel Engine	Product Code : CHINAELABC2640014
Description :	
Cut Model of Common Rail Turbo Diesel Engine	
Technical Specification : FEATURES:	
Operated: Manually (Through a Crank Handle) Equipment Layout: On Base Fine finish Functional accuracy Simple operations	
SPECIFICATION: 4 stroke engine 4 in-line cylinders Displacement: 1300 cc Indirect injection VE Bosch type rotary injection pump Overhead camshaft (OHC) Distribution through a toothed belt; Alternator	
Thermostatic valve
