

Product Name :
LCR Capacitor Transistor Meter LCR Meter Hand Held

Product Code :
CHINAELABC4420005

Description :

LCR / Capacitor / Transistor Meter LCR Meter, Hand Held 3.5 Dgt., Inductance , Capacitor , Resistance

Technical Specification :

A LCR meter (Inductance (L), Capacitance (C), and Resistance) is a piece of electronic test equipment used to measure the inductance, capacitance and, resistance of a component. In the usual versions of this instrument these quantities are not measured directly, but determined from a measurement of impedance.
