

**Product Name :**  
Deformeter Gauge length 250 mm

**Product Code :**  
CHINAELABC2750026

**Description :**

Deformeters - Deformeter Gauge length 250 mm, Deformeter, Gauge Length 500 mm

**Technical Specification :**

Deformeter with a gauge length of 250 mm centre to centre of conical points and fitted with 0.002 mm x 10 mm dial gauge – 1 No.

Standardization Bar for 250 mm gauge length 1 No.

Spacer bars with threaded holes for gauge pins 250 mm centre to centre – 2 Nos.

Standard Gauge pins 12 mm square, with threads at one end having a conical seating for reference points. 4 Nos.

Necessary tools.

Complete as above in a polished wooden box.

This is similar to except that it has a longer gauge length of 500 mm. The equipment comprises the following :-

Deformeter with a gauge length of 500 mm and fitted with a 0.002 mm x 10 mm dial gauge – 1 No.

Standardization Bar, gauge length 500 mm – 1 No.

Spacer bars with threaded holes for gauge pins. 500 mm centre to centre 2 Nos.

Standard Gauge pins, 12 mm square, with threads at one end having conical seatings for reference points – 4 Nos.

Necessary tools

Complete as above in a polished wooden box.
