

Product Name :
Unconfined Compression Apparatus Hand Operated
Proving Ring Type

Product Code :
CHINAELABC2690130

Description :

California Bearing Ratio - Unconfined Compression Apparatus Hand Operated Proving Ring Type

Technical Specification :

The unconfined compressive strength test performed as per IS:2720 (part X).
Screw jack with frame and dial gauge holder
Set of upper and lower platens, 150 mm dia.
Cone Seating – 2 Nos.
Proving Ring Adapter.
Proving ring fitted with dial gauge, 5 kN capacity.
Dial gauge 0.01 x 25 mm.
