

**Product Name :**  
Clamped Bosses Proving Rings

**Product Code :**  
CHINAELABC2690165

**Description :**

High Sensitivity Proving Rings - Clamped Bosses Proving Rings

**Technical Specification :**

These Proving rings have clamped bosses and are available in the range of 0.5kN – 100kN. repeatability and accuracy of all the rings

Capacity

0.5 kN

1.0 kN

2 kN

2.5 kN

5 kN

10 kN

20 kN

25 kN

50 kN

100 kN

Integral Proving Rings

These Proving rings have integral loading bosses forged and machined along with the ring. These bosses can not shift their position to cause mis-alignment which may result in loss of accuracy These rings are manufactured up to 3000kN capacity.

Capacity

0.5 kN

1.0 kN

2 kN
