Product Name :	Product Code :
Data Acquisition System	CHINAELABC2690178

Description :

Static Cone Penetration Test - Data Acquisition System

Technical Specification :

The data acquisition system has been designed to be used with any of the above cones. It has I.P. 65 protection and has a serial communication port to be used with standard Laptop.
Software for Piezo cone
Supporting software for Piezo cone operates in windows. It is used friendly and can be used for reporting. All plotting is done on x – t basis.
Features of the software are :-
Cone resistance
Local sleeve friction
Pore pressure
Total load
