

Product Name :
LCD Concrete Test Hammer

Product Code :
CHINAELABC4880005

Description :

LCD Concrete Test Hammer

Technical Specification :

LCD large screen, high-resolution 160x160

Low-power 2, 5# battery

Measuring range: 10~60Mpa

Impact energy: 2.207Nm

Stroke distance of strike hammer: 75mm

Consistency of the sample showing value: ± 1 (digital output sampling value difference with the pointer readings)

Compressive strength range: 10~70N/mm²

Rebound value on steel anvil (Rm): 80 \pm 2

Power: 1.5V AA alkaline battery

Power consumption approx: Sampling case?50mA (average current)

Storage: 80000 testing results
