

Product Name :
Portable Core Cutting Drilling Machine Petrol

Product Code :
CHINAELABC2750001

Description :

Portable Core Cutting Drilling Machine Petrol Manufacturer in China, Portable Rock Testing Lab Equipment Company China

Technical Specification :

Compact and portable Core drilling machine is designed to cut cores up to 200 mm diameter from concrete, asphalt and similar hard construction materials.

The machine comprises a vertical support column which carries the drill head/motor assembly.

The motor assembly comprises a 6.5 hp petrol engine.

A ball screw mechanism enables close control of the drilling pressure and rapid return when drilling is completed.

A water spraying assembly is mounted on the machine.

Power : Petrol Engine 6.5 HP

The complete assembly is supplied on a rigid wheel mounted metal base frame with leveling and fixing facility during the operation.
